What the Social Connection Means To Me...

"The Connection is an extended family. It is a place I can go to talk about issues. We have a common denominator called mental illness. We share struggles that often trip us up and it is nice to have another person to relate with."

"Fun and laughter with friends."

"A safe haven from outside-choosing to be active or non active."

"It is truly my second home. It is somewhere I can look forward to going to. The people are real and easy to grow on, and with the Connection I feel myself growing, it's like a light at the end of a dark tunnel. I feel I actually matter here. I feel like I belong here, a feeling not previously encountered by me before. I love the staff, I feel I can relate to them, they are truly my second family. I think they feel likewise. I love the Connection, may it always stay."

"The feeling of togetherness."

"Others who are walking the same walk that I am. I no longer feel alone."

"Making new friends and seeing old friends."

"Playing games, doing word search on the computer, watching movies and trips."

"The Social Connection means a whole lot to me. It is my lifeline. When I'm feeling down, the people at the Connection show a lot of care and concern. We've got a lot of different personalities and characters, but we are all real down to earth good people. Respect and kindness is shown by everyone at the Connection. Good times and fun are a big part of the agenda. I'm a Vietnam Veteran, and this is the most I've ever socialized with people since I came home in 1970. Thank you Social Connection for bringing me back into the world."

"Love doing crafts!"

"Trips to different places."

"Meet with people and play games."

"It feels like everyone is family!"
